

# SA ENTERPRISES

## Electrical | Engineering | Solutions

SA Enterprises provides professional electrical installation, maintenance, repair, backup power, and technical support services for residential, commercial, and small industrial clients.

### Company Overview

SA Enterprises is a technical electrical services company focused on safe installation, reliable maintenance, practical troubleshooting, and professional service delivery for homes, offices, shops, commercial buildings, contractors, landlords, and light industrial clients.

### Founder Profile

SA Enterprises is founded by **Jamil Hussain Shah**, who has completed a **Diploma of Associate Engineering in Electrical Technology** from **GPI Sarai Saleh, Haripur**. His training covers electrical engineering principles, electrical drawing, workshop practice, electrical machines, installation planning and estimating, power distribution, protection, repair and maintenance, industrial electronics, and energy conservation.

Jamil has also completed practical MITI electrical training covering domestic wiring, lighting circuits, fault finding, electrical safety, 3-phase wiring, Star Delta starters, and motor assembly.

### Core Services

Service Area	Scope
Residential Electrical	House wiring, rewiring, DBs, breakers, sockets, lights, fans, earthing, UPS wiring and fault repair.
Commercial Electrical	Offices, shops, plazas, restaurants, clinics, schools, lighting, DBs, panels, maintenance and load management.
Industrial Support	3-phase wiring, motors, Star Delta starters, starter panels, fault tracing and preventive checks.
Backup Power	UPS, inverter, battery, generator changeover support, backup wiring and load calculation.
Solar & Energy	Solar wiring support, inverter coordination, solar-readiness inspection and energy conservation guidance.
Safety & Maintenance	Earthing checks, breaker review, overheating inspection, short-circuit risk review and scheduled maintenance.

### Work Methodology

1. Initial discussion 2. Site visit 3. Diagnosis and scope 4. Estimate 5. Safe execution 6. Testing and handover.

### Safety Commitment

Electrical work is approached with attention to safe wiring practices, appropriate protection devices, load considerations, careful workmanship, and clear client communication.

### Service Areas

Haripur, Islamabad, Rawalpindi, and selected nearby project locations, subject to site requirements and availability.
